

## Remarks

Original claims 21 and 24, verbatim, have been added to the Summary and no amendments have been made to the claims. Because this is original text from the original patent application added to the Summary and the claims have not been amended, this cannot constitute new matter, raise any new issues, or require any new searching. This will simplify the issues for Appeal by providing additional support for the claims. Therefore, entry of this Amendment is requested.

Respectfully submitted,
